

## How to Phrase a Tarot Question:

- What do I need to know about...?
- What steps do I need to take to...?
- What do I need to do to achieve...?
- What is standing in the way of ... and how can I best overcome this?
- How can I improve my ability to...?
- What role do I play in so-and-so's life/issue?
- What do I need to change in order to...?
- What is the potential for...?

Best to change "Will I get married this year?" to:

"What do I need to know about getting married this year?" or

"What do I need to do to improve my chances of getting married this year?"

## Using time frame:

"What do I need to know about my finances in the next 6 months?"

"What is the potential of my meeting a romantic partner in the next 3 months?"

(NOTE: Best not to set a timeframe beyond a year due to changes/choices).
